

Sitio Ylaya: Noon at Ngayon

A Community Transformation Thru RCC

RC Muntinlupa Filinvest
RI D3830

RCC PENMHI: Sitio Ylaya, Muntinlupa

- Is a 1.3 hectare property along the Laguna de Bay, Muntinlupa City with about 350 families. Prior to its adoption in 1999 as RCC of RCMF, Sitio was occupied by informal settlers who were fire victims from nearby communities. Being near the bay, the area was always flooded and hence it was always a government and community concern.

MULTI PURPOSE HALL

MULTI PURPOSE HALL

WATER FILTRATION

RCC PENMHI, Sitio Ylaya is now a self contained community:

- Members are now lot owners and have built their own modest homes
- They have filtered water in every home
- The RCC's sustainable projects
 - Collection of water usage fees from the members
 - Selling filtered water to other communities
 - Funds are used to maintain water system in good order
- They built their own Chapel and Day Care Center from their water collection
- Some members were granted vocational training scholarships from RCMF/TESDA PGMA Program

With RCC members who are:

Committed

Accountable

Responsible

Eager

And because Sitio Ylaya cares,
our RCC donated its 1st EREY to
TRF as RCMF celebrated its 12th
Anniversary last August 24, 2011
